

# BankWorld Web System Configuration

BankWorld Portal is one of the many CR2 self-service channels that forms one part of CR2's multi-channel banking system.

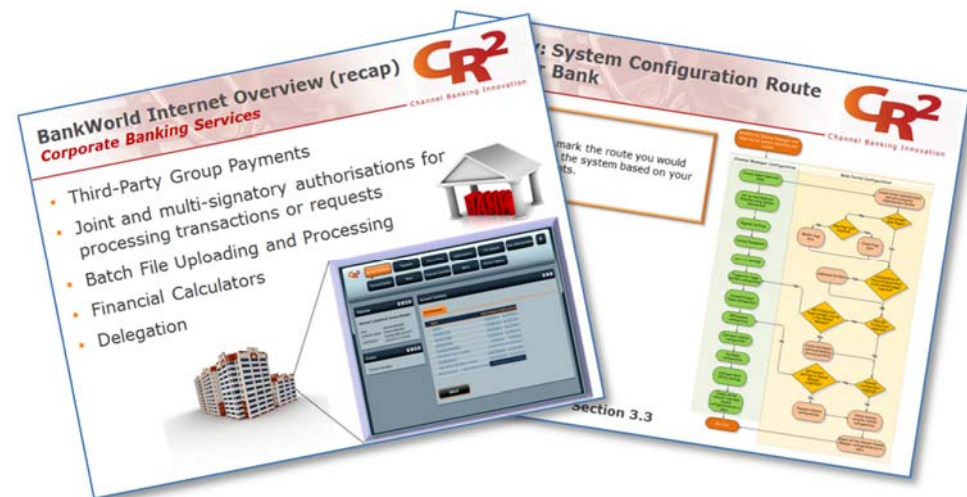

This course gives participants an in-depth knowledge of how to perform the necessary configuration in order to operate the Web System.

This is a hands-on course that allows participants to practice some of the relevant tasks.

## Benefits:

You will be able to perform the necessary Web System configurations.

Having staff trained in configuring the Web Portal System will enable the configuration process to be more efficient, and may in turn result in lower consultancy costs.

Our training is a blend of classroom and online training and includes:

- Overviews
- Installation
- Configuration
- Operations
- Tools

For more information please email us at [training@cr2.com](mailto:training@cr2.com).

[www.cr2.com](http://www.cr2.com)

## Duration:

1 day (classroom-based)

## Audience:

This course can be taken by anyone, but it is designed in particular for:

- ❖ Bank Operations staff

## Location:

CR2 offices in Dublin, Dubai and Amman. Can also be run onsite on request.

## Pre-requisites:

- ❖ *BankWorld Web Portal System Overview* course
- ❖ *BankWorld Channel Manager Configuration* course

**Objectives:** At the end of this course you will be able to:

1. Identify the web configurations required and the GUIs you would use
2. Assign relevant roles to users
3. Identify the layout of a page, language customisation and colour themes
4. Customise pages, such as changing the view and information displayed
5. Set up payment templates including utility payment templates and third-party payment templates
6. Configure corporate banking features, such as group payments and batch processing
7. Apply new transaction types and bank instructions
8. Configure system security settings such as pass phrase security settings, higher authentication and online dual authorisation
9. Use the available sources to configure and maintain the system on an on-going basis

### Course Outline:

- ❖ Web System Overview
- ❖ Web System Configuration Summary
- ❖ Web page customisation
- ❖ Payment-Related Configurations
- ❖ Corporate Banking Features Configuration
- ❖ Create and Deploy Additional Banking services
- ❖ Online Banking Security Configurations
- ❖ Course Exam
