

BankWorld Portal Technical Training

This course provides technical training to the banks web developers to allow for in-house customisation of the BankWorld Portal system.

This course gives participants an in-depth knowledge of how to perform management, customisation and development of additional services.

This is a hands-on course that allows participants to practice some of the relevant tasks.

Benefits:

Having staff trained in management and setup of new services will enable the bank to more quickly deal with demands from customers in a more efficient way, and may in turn result in lower consultancy costs.

Our training is a blend of classroom and online training and includes:

- Overviews
- Installation
- Configuration
- Operations
- Tools

Duration:

4 day (classroom-based)

Audience:

This course can be taken by anyone, but it is designed in particular for:

- ❖ Bank Web Development staff
- ❖ BankWorld Site Administrators

Location:

CR2 offices in Dublin, Dubai and Amman. Can also be run onsite on request.

For more information please email us at training@cr2.com.

www.cr2.com
