

CR²

BankWorld ATM Distributor

BankWorld ATM Distributor is a CR2 solution that allows a bank's IT team to centrally manage the distribution of software and branding updates to its ATM network as well as the periodic collection of electronic journals.

The course trains participants to use the ATM Distributor tool. This eLearning course contains activities that allow the participants to practice tasks.

Benefits:

You will receive an in-depth understanding of how to install and effectively use the ATM Distributor tool.

This will reduce the time and effort required to carry out many tasks such as collecting logs and electronic journals, and distributing software and brandings to the ATMs. This means greater efficiency and reduced costs for the bank in operating its ATM network.

Duration:

1.5 hours (eLearning)

Audience:

- ❖ Anyone interested in distributing material to, or collecting files from ATMs or Kiosks.

Location:

As this course is an eLearning course, you can take the course anytime, anywhere.

Pre-requisites:

- ❖ A basic understanding of ATMs is required
- ❖ Knowledge of BWAC would be an advantage

Our training is a blend of classroom and online training and includes:

- Overviews
- Installation
- Configuration
- Operations
- Tools
